DFWET WEEKEND JUNE 11-13

♥Thank you for your couple support!♥

*Support your Marriage Encounter Businesses.
It's upon us! Send in your notes and pictures!*

THE SCOGGINS JOGGINS: TLC

Dear couples who have attended a WWME weekend or Experience, God's blessings to you!

If you are receiving this, you have attended a Worldwide Marriage Encounter Weekend in the past. As you should be... maybe aware, Worldwide Marriage Encounter has been enriching marriages for over 42 years and has touched hundreds of thousands of lives. We hope that the hours you spent in intimate conversation with each other on your weekend enriched your marriage as well. You may also be aware that WWME's mission of renewal in the Church and change in the world is not limited to only the weekend experience. Rather, our mission includes ongoing support for the lifestyle we present on our WWME weekends. This ongoing support is best provided through local sharing circles and communities.

It is important to us that WWME continues to provide ongoing support that is relevant to today's couples and priests. Therefore, our Community Pillar has put together a survey to obtain the feedback of those who have already attended a WWME weekend or experience. We invite you to take a few minutes to complete this survey by clicking on the link in the next paragraph. This is a very user-friendly survey and will take you only a few minutes to complete. And it will provide us with the valuable information we need in order to assess the post encounter needs and experiences of today's couples. Please be assured that your responses are completely anonymous. The results of this survey will only be as good as the number of couples who respond to it. We would like to have this information collected by **June 15** so that the responses can be collected and collated. So here we go! Simply click on this link: <http://www.surveymonkey.com/s/wwwmecommunity> and begin! We thank you for taking the time to complete this survey.

May God bless you and your family!

Gifts From Your Heart Paula & John Geist
www.wwmegifts.com

Above is the link to Gifts from the heart.. if you have never looked at the site there are lots of wonderful Marriage Encounter items for YOU and for gifts for others.

On the road again! That's become our theme song. We know we've had couples say and ask- whatever happened to the Finnell's? As many of you know, in addition to being the DFW Area Coordinators for WWME, we are also the Coordinators for the entire state of Arkansas. This means that we are on the road a lot in Arkansas spreading the word and helping them set up circles, systems and Weekends. It's been a very rewarding experience and we love the couples in Arkansas. The downside, is that at times we've missed our wonderful TLC meetings and couples to be at a circle or meeting in Arkansas. Our goal is to have all of them follow TLC's example and be great caring, loving, safe havens. We hope that each of them will someday be a Stellar Community, like ours.

So when you don't see us for awhile or only see us as a flash remember we are with you in our hearts and miss everyone deeply.

Sam and Nancy

What is the most difficult situation facing us as a couple right now? HDIFA this situation?

Have you dialogued today?

We love you, Ron & Judy

Jan & Beata Wojciechowski from St. Patrick are currently signed up for the June weekend for Marriage encounter **June 11-13**. Continue praying for them that nothing will conflict with their weekend. When you see them, congratulate them and invite them to our T L C circle meeting in July. Remember a wonderful way to make their weekend extra special is to see you there Friday evening at the bag drag, and Sunday afternoon at the greet off..... plan to be there.

MIKE AND MARILYN RILEY UPDATE!!!

Our God is such an AWESOME GOD!! I give Him ALL PRAISE, GLORY AND HONOR!!

Mike and I are FINISHED with our travelling to go back and forth to Zale Lipshy in Dallas for outpatient treatments. As a matter of fact Mike is doing so well they discharged us a week early. He had all the nurses/aides, etc. hugging and kissing him goodbye (he took them all flowers from his garden). I told them they had only seen a glimpse of the real Mike. Of course he promised his doctor a bottle of blackberry wine. **All Praises to Jesus the ultimate Healer!**

We have felt the prayers and are so grateful for them and the calls to offer help and compassion and the cards to offer encouragement. They have meant so very much to us.

Although Mike is not 100% yet he is well on his way. His memory has not fully recovered yet - but it will. He is driving a little (PRAY, PRAY, PRAY!) and is planning on trying to get back to the classroom next week and sitting in on some classes to get better oriented.

Our life is good - **THANKS BE TO JESUS** - and we are happy. I am still a little over protective but we laugh at each other alot.

I am reminded every day how Our Father can take the worst situations and bring something good from it. Each day is full of surprises for Mike as he remembers the least little thing or remembers something that he forgot he had (like his red truck!). Its almost like Christmas every day - full of excitement, joy and wonder. We are truly blessed and will perpetually offer **PRAISE AND THANKSGIVING TO OUR AWESOME GOD.**

We Love You All Parish Family

"Rejoice always, pray constantly, give thanks in all circumstances; for this is the will of God in Christ Jesus for you."

SEND YOUR LOVE!

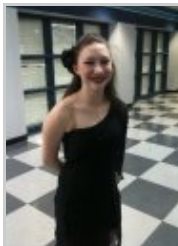

1 Thessalonians 5: 16 - 18

This sounded great, you ought to take a listen to the beautiful music. This is ah Poor Bird and is performed by our Antilla girls, Alexa and Anna singing, and the rest of the Children's chorus. Enjoy! **Barr and Jamie Antilla**

✂ " WORTH THE CLIP AND SAVE" ✂ ✂ ✂

Generic Circle Presentation Outline—please check out this simple layout and “Be Blessed!”

The following outline and accompanying list of topics are included here to help you develop presentations for your Circle.

Remember that the most important part of the talk is you and what you share of yourself and your feelings. If you are open and honest, your talk will be terrific! Always try to limit your talk to about 15 minutes or less.

1. Preparation before writing:

Before you start writing on a presentation you need to get some background material. One of the best ways to obtain this material is through dialogue.

The first step is to select a topic from the list following this outline. Be sure to pick a topic that both you and your spouse agree is a meaningful to your relationship.

Next, write at least three dialogue questions (more is okay) that relate to the topic of your presentation. Then dialogue on the questions you have selected. Use both the written and verbal portion of your dialogues as input to your presentation.

2. Writing your presentation:

A. Introduction: This is the section that gives the couples a glimpse of what is to come. Start by giving the title of your presentation and why you selected it. It is appropriate to start with a short prayer. It is also appropriate to give a short scripture reading that is associated to the topic of your presentation. (The scripture reading may be read at the beginning or end of your presentation.) The scripture reading will provide emphasis to your talk and help turn everyone’s focus to God and His role in our lives. The introduction portion of your talk should last approximately two minutes for each spouse.

B. Body of talk: As the title implies, this is the section that contains the main part of your sharing and should take about 5 minutes or so for each person. The following are some questions you may ask yourself to help you develop this section:

How do you feel about this topic? Share feelings, not judgments.

How are we doing in this area now?

How are we agreeing or disagreeing on this topic?

How am I succeeding or failing on this topic and what are its effects on us?

How am I acting or failing to act on this topic?

What are the blocks and obstacles (in me) which I must overcome in order to grow in this area?

What do I need to change about myself?

What is my plan for growth in this area?

Where do I want to be with this topic and how am I going to get there?

How does our dialogue help us in this area?

C. Conclusion: In this section you tie up any loose ends and summarize your talk. This portion of your presentation should only last 2-3 minutes each and should include a Dialogue and Sharing question.

i) Give a dialogue question appropriate to help the group apply to their own lives what you have just shared. Provide ten minutes time to write and ten minutes time for personal dialogue.

ii) Give a question for each person to respond to in the open sharing. It could be the same as the dialogue question or it could be different. Remind everyone that sharing is always voluntary.

General comments about sharing should be given that sharing should always focus on our feelings. It is not a discussion. When new couples are attending the Circle meeting, it is helpful to go over the “Rules for Sharing.” If there are no new couples, it is still helpful to remind them to please not respond to the sharing of another person or couple, and that our role during sharing is simply to listen and try to accept the other person.
